

# Brant Gerald

## Data Analyst

Aspiring Data Analyst with a solid foundation in information technology and hands-on experience in software support. Recently earned the Google Data Analytics Professional Certificate (2025), showcasing proficiency in SQL, R, Python, data cleaning, and visualization. Demonstrated analytical skills through roles as a Software Support Technician and Data Specialist, where I resolved technical issues, optimized processes, and developed database systems. Passionate about leveraging data-driven insights to drive strategic decisions and eager to transition into a data analytics role.
